*North Shore Technical  
High School*

**2001-2002**

To the Class of 2002:

It has been my pleasure to work with you in two roles - first as Principal for two years and then as your Superintendent. During that time you have impressed me with your talents, your work ethic, and your commitment to our community. I have been proud to recognize you as my students and will always remember you fondly.

This has been a most difficult year for our country. We have seen extraordinary evil and we have seen extraordinary heroism. We now know we need to work together and honor and cherish what we once took for granted, *our liberty*.

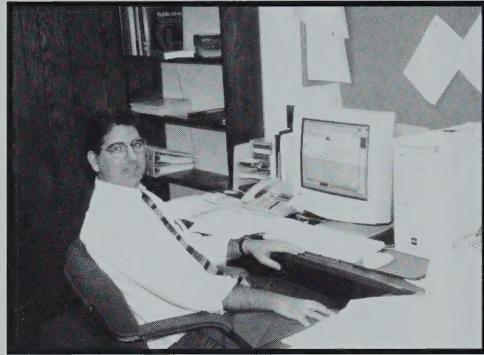

Never forget the lessons learned this past year.

This country is only as great as its citizens - Be good citizens.

My very best wishes to you all.

Sincerely,

Amelia P. O'Malley  
Superintendent-Director

To the Class of 2002:

I want to congratulate the Class of 2002 for a job well done. Your hard work, dedication, and perseverance these past four years at North Shore Technical High School have earned you the distinction of being a graduate.

The next step after high school, whether that leads to the world of work or onto further education, will require the same commitment and dedication that got you to this point. However, you now have the advantage of being a graduate of a high school that has provided you with the skills needed to take this step. Be assured that the education you have received here at North Shore Tech will serve you well.

I wish you the best of luck in your future.

Sincerely,

Alan Bernstein  
Principal

## WOW!

Wow! it's funny how time flies.

Wow! I was a little girl coming out of junior high.

Wow! I sit back and think and sigh.

Wow! It's been a heck of a four-year ride.

Wow! My freshmen and sophomore years

The homework that brought me to tears.

Wow! my junior and finally my senior years

To the good times I had with my teachers and my peers.

Wow! How have four years passed?

To my friends and I traveling our separate paths.

Good riddance to the classes I hated, especially math and related.

Wow! I'm finally graduating, what an honor

I'm feeling so good I just want to pop my collar

To all the incoming students, I just want to holler.

You should be glad that you're at North Shore Technical High

Because my friends, it's going to be a great four-year ride.

It's sad that good times must come to an end

But Wow! What a four - year ride it has been.

Wow!

School is finally over! It took 12 long years but I finally made it. I want to thank my family especially my grandfather for all the support. I also want to say to all my boys in Masonry, "Kids got clowns!" Ron what's going on! Oh, I guess metal can't go in an electrical socket- 10th grade science. There are way too many memories to name but thanks for all of them...

Peace

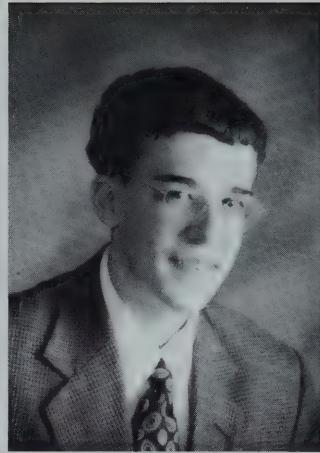

Coming to N.S.T. was one of the best choices I've made. I've met some great people here. D.P., A.T., C/R., S.D., B.B., C.F., C.F., C.W., L.L., S.P., J.B., & A.C. Good times at Popes. Great times last summer, hoping this one is better. Sweet, bustin out freestyles with Doug. "Cosmo girls" aka "lunch line cutters" stay cool, fighting w/ you girls was fun. Monica keep the football away you might put someone's eye out. Finally to my grandmother, you pushed me to be the best . I love you & thank you.

Everyone is writing their memories but no one knows what to write. I just want to thank my family, friends and faculty. Thanks to my parents, Mrs. Skinner, Mrs. Flibotte, "B," Mrs. Mullen and Mr. Fallon for pushing me. As I move along, Lindsey and Adam thanks for the memories in shop and plenty of little arguments. Erin, green rules. Amy and Alycia remember the bird during Tarpinian's class. Everyone in Mr. Beatties Physics class knows Demoula's parking lot is huge. To everyone else enjoy the rest of your time here, it goes by fast. To the class of 2002, good luck in the future, whatever you do.

Oh, year, and the cornfields with Coffin. But any way, I'd like to thank my family, mostly my mom, for always pushing me forward and making me do my homework.

Finally. My four year sentence is up. Just kidding. The four years I spent at NST were the best four years I have ever had. I had fun bugging the Gazelle. Letting everyone know when I was around by playing a joke or even singing. I am surprised that Chef D and the crew didn't kick me out. I will always remember the soccer team. Our soccer team has gone from puppies to bulldogs in four years. I remember all the injuries too. I can still feel them. I will always remember the Drama Club. We always were at each other's throat, but in the end, it all worked out. I will never forget the Tech. P.S. Oh, they trampled the carpet.

Memories? Hmmmm. Are there really any memories in school?? Let's see. Drama fest, rehearsal, shop, tech week for shows. Being at school until 11 at night, weekends at stage-fort park, clubs, bushy, Middleton, Cisco, drama class. It seems that every road we take is a dead end, so you might want to slow down. Freshman year in shop was fun, going outside. Raff, how many times were you late? Summer school. GSC. Pay check, what's a pay check. Ray how much do they owe us? What is the password? Are we ever going to get through Cisco? thank you.

I have had a lot of fond memories here at NST. When I was a freshman, I played soccer. Later that year, I joined the Culinary Arts department. I had a lot of laughs with the kids in there. I would like to thank Chef C and Chef D for their knowledge in the culinary field. I would also like to thank AS, RL, MN, JG and ducky for their ability to always cheer me up when I was sad. I would also like to thank Mrs. Robinson and Mr. Gammer for their ability to mold and sculpt my mind. I hope I see you guys on the flip side. I wish all my dreams will come true.

*We Remember*

*Sometimes we question the things life throws.  
Why they happen, no one knows.*

*How could this be? When will it end?  
How could we lose such a dear friend?*

*When we heard the news, all we did was cry.  
Certainly one so young would not die.*

*He was driving his car on 114 when  
A truck collided causing a horrifying scene.*

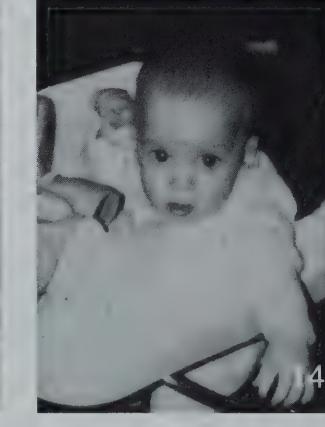

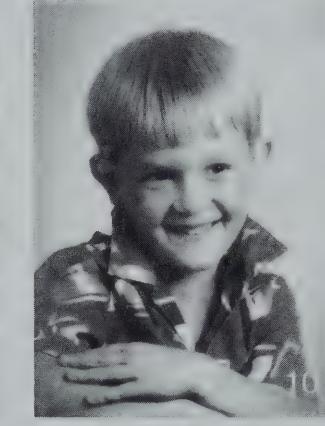

*He had no idea that this would be the end-  
Not only for him, but for his good friend.*

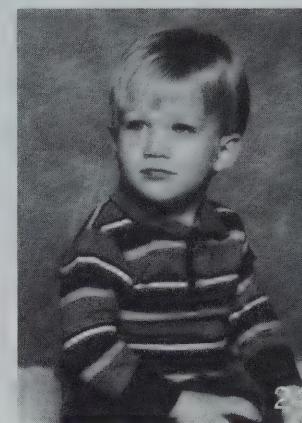

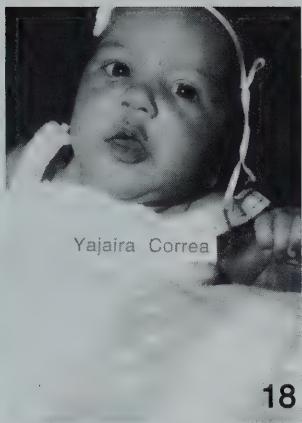

*Now they have gone to heaven together;  
We'll never forget them-not now, not ever.*

## George Soundis

A slow learner, but a hard worker. I learned how to chop vegetables/fingers - 25 stitches.

2nd year, I tried my feet at soccer, learned how to be a waiter, and was a host at the Hilltop Restaurant for a day.

3rd year, I did co-op at HomeTown Buffet Restaurant, where I made salads & baked deserts.

4th year, I'll finish my studies so I can graduate - yeah! then R&R

Good luck in your future
